

List of all ships dismantled over the world in 2013

For several years now, the NGO Shipbreaking Platform, a global coalition of non-governmental organisations demanding safer and cleaner ship recycling worldwide, has been compiling lists of end-of-life ships sent for breaking every year. In 2012, the Platform compiled for the first time, next to the annual European companies sending end-of-life ships to beaching yards in South Asia, a complete list of all ships sent for breaking all over the world. Below is the complete list of all ships for 2013. A separate list for European ships (including Norwegian- and Swiss-owned, thus EFTA) is available on our website www.shipbreakingplatform.org.

Of the 1213 large ocean-going vessels that were scrapped in 2013, 645 were sold to substandard beaching facilities in India, Pakistan and Bangladesh. Whereas the number of dismantled ships remained nearly as high as in 2012, the number of beached ships dropped from 850 to 645 in 2013, representing a reduction of 24% from the previous year.

Country of beneficial ownership	Company that is the beneficial owner of the ship	Name of the ship	IMO number	Last flag of the ship	Previous flag	Date of change of flag	Destination yard	Beaching date	Built in (y)	Type of ship
